

About Us:

AVTECH was founded in 1998 with a mission of delivering professional training to our clients. In the years since, AVTECH has partnered with an extensive list of corporations and professional individuals. AVTECH is a licensed training provider for the New Jersey Department of Education also an authorized New Jersey Veteran's Affairs Training Institution and a state certified license practical nurse training institute. As a PMI-authorized training facility, AVTECH provides Project Management training to professionals with a 90% certification success rate. AVTECH is a certified Minority Owned Business (MBE) registered with the New Jersey Commerce & Economic Growth Commission. We provide exceptional instructor-led, hands-on training, have multiple locations throughout the state of New Jersey and we strive to stay ahead in a constantly changing instructional landscape.

Minority Owned Business

AVTECH is registered with the New Jersey Commerce Commission as a Minority Owned and Operated Business. As such, AVTECH understands and caters to corporate diversity initiatives. We have partnered with numerous corporate clients whose mission statements proactively support ethnic and cultural acceptance. A partial listing of these companies include: Schering-Plough, Panasonic, Sanofi-Aventis and Brothers International.

NJ Customized Training Grants

AVTECH is a full-service grant provider. What this means to you is that AVTECH can write the grant; provide training, courseware, laptops; and supply administrative services at no cost to your company. If you qualify for a training grant, you may increase the performance of your employees, build confidence and gain productivity. Our curriculum covers such diverse areas as: ESL, Basic Skills, Desktop Applications (MS Office, computerized accounting, etc.) soft skills, customer service, networking, programming, as well as LPN training. AVTECH has facilities located throughout the state of New Jersey and we can bring the training to your facility!

Corporate—Private Training

We provide excellent instructor-led, hands-on education for the professional workforce and offer a variety of courses designed to provide students with the in-depth knowledge they will need to gain a significant advantage in the workplace.
